- No payment is required at state and university hospitals. Therefore, it is recommended that all international students register for GHI.
- The patient share for medications is 20%. Coverage of expenses for eyeglasses etc. is in accordance with the Directive for Health Applications.
- Students have to pay a balance if they choose to go to a private hospital. This balance may be different at each hospital. The patient share for medications is 20%.
- Students holding a Turkish Residency Permit for more than 6 months will automatically be registered at the Turkish Social Security Institution through the centralized system.
- The insurance will be valid until the end of the academic year. Students usually receive an SGK number upon the registration at the health authority. If your country has Bilateral Social Security Agreements that means your insurance in your country is also valid in Turkey.
