

# ULUSLARARASI ÖĞRENCİ TOPLULUĞU INTERNATIONAL STUDENT COMMUNITY

The International Student Society aims to provide a safe, inclusive and hospitable environment for international students who have come to Turkey from abroad to study.

The society aims to increase intercultural communication in harmony with the unique geographical structure and historical texture of Cappadocia, to provide students with a deeper understanding of different cultures in this process and to add richness to their university life. At the same time, this community aims to enrich students' academic and social lives by enabling them to establish strong and lasting bonds both at Cappadocia University and with the surrounding communities.

Community Academic Advisor : Agamyrat Boryyev  
Community President : Aynur Demirçalı
